

Amare Sunset™

The Nighttime Ingredients
for Tomorrow's Vitality

What It Is

A gentle blend of Omega-3s, Vitamin E Tocotrienols, Vitamin D3, Beta-Carotene, and Astaxanthin to support your body's natural cellular repair process.*

Why You Need It

We live in an oxygen-rich environment. And where there's oxygen, things oxidize—including our cells. As we age, the effects of oxygen on our bodies become more noticeable and they can begin to break down, just like rust on a car. Over time and with age, our body's ability to neutralize oxidative stress declines, which can disrupt natural cellular repair.

How It Works

Amare Sunset™ is designed to fit seamlessly into your night-time routine and is formulated with age-supportive ingredients that help you feel your best.

- Premium, wild sourced Omega-3 fatty acids help support brain and heart health.*
- Vitamin E Tocotrienols provide antioxidant support to neutralize free radicals and reduce oxidative stress.*
- Vitamin D3 helps maintain and support bone health, teeth, muscles, cellular function, cognitive and mood function, as well as immune function.*
- Astaxanthin helps fight the effects of oxidative stress and free radicals.*

The Science

How you end the day matters as much as how you start it. Amare Sunset combines potent antioxidants with other targeted nutrients to help combat oxidative stress, support natural cellular repair, cellular function, and more.*

How To Use It

Add Amare Sunset to your evening routine and feel the difference from the inside out. Simply take three soft gels daily with your last meal of the day.

Supplement Facts

Serving Size: 3 Softgels

Servings Per Container: 30

Amount Per Serving		% DV
Calories	10
