The Science

Digestion is a complex, multi-step process and sometimes, when your body doesn't produce enough enzymes to properly break down proteins, fats, and carbohydrates, digestion can slow down, leading to bloating, discomfort, and poor nutrient absorption. Amare Digestive is formulated with targeted ingredients to support every stage of digestion--from the stomach, to the intestines, to the colon--for those "in-the-moment" moments when your body needs extra digestive support. Because how you digest is how you feel.

How to Use

- Take daily with meals to support healthy digestion.*
- Can be taken as needed, with or after meals.
- Delivered in easy-to-take capsule form.
