

How to Share Amare Kids Happy Juice™

Amare Kids Happy Juice has an innovative and exciting new formula –now advanced with Nutricog® and we want to make it simple for you to share it responsibly. Check out this convenient guide so you can confidently spread the word in a way that's compliant and clear. Happy sharing!

Quick and Easy Compliant Statements

Features you **CAN** share about Amare Kids Happy Juice...

- ✓ New, Advanced Formula: Kids Happy Juice features a new, advanced formula now with Nutricog®, a patented combination of Boswellia and Haritaki.
- ✓ It's designed with the gut-brain axis in mind, supporting happy tummies and bright minds.
- ✓ It brings together ingredients like prebiotics, probiotics, neuro-nutrients and more into one sugar-free, delicious formula.
- ✓ It's formulated with good-for-you ingredients, no sugars or artificial dyes or sweeteners, and features a fruit punch flavor that even the toughest critics will love.
- ✓ Parent-approved: Parents love that this formula is sugar free, caffeine free, gluten free, non-GMO, and contains no artificial colors, flavors, preservative, or sweeteners.
- ✓ It complements a nutritious diet and happy, healthy lifestyle.
- ✓ It comes in convenient, single serve stick packs that are easy to take on the go.

Non-Compliant Statements To Avoid

Do **NOT** say or imply that Amare Kids Happy Juice...

- ❌ Cures, treats, or prevents any medical or mental health issues.
- ❌ Can treat Autism/ASD, ADHD, depression, or anxiety.
- ❌ Has clinical studies that demonstrate proven results with children.
- ❌ Is backed by pediatricians or other medical professionals.
- ❌ Fulfills a child's complete nutritional needs.
- ❌ Can be a replacement for nutritious meals, foods, or beverages.
- ❌ Is the only thing you need to make children happy.
- ❌ Will improve a child's academic performance.
- ❌ Can be used by children under 4 years of age.
- ❌ Is easy for kids to mix on their own.
(This product should always be served by an adult. Do not show photos, videos, or descriptions of your child mixing their juice unattended, or grabbing stick packs freely without being monitored.)
- ❌ Is great since kids have already been drinking their parents "Happy Juice."

Please note: While Amare Kids Happy Juice may be beneficial for supporting mental wellness, it's essential to consult with a healthcare professional before starting your child on a supplement, especially if they have any underlying health conditions or take medications. In addition, we recognize the importance of professional mental health care and encourage parents to seek appropriate medical advice for serious conditions from a certified medical professional.
