

Amare Kids Happy Juice™

A blend of probiotics, prebiotics, and neuro-nutrients in one unique—and delicious—formula.

What It Is

New, advanced formula - now with Nutricog®.

Designed with the gut-brain axis in mind, Amare Kids Happy Juice™ is made for real life, and brings together ingredients like prebiotics, probiotics, neuro-nutrients and more.

Why You Need It

Picky eaters. Busy mornings. Afternoons on-the-go. It doesn't take much for a kids gut to get thrown off balance—and when that happens, it can affect the way they feel overall. Healthy diet and supplementation can help. More than a probiotic, Kids Happy Juice is formulated with good-for-you ingredients, no sugars or artificial dyes or sweeteners, and features a fruit punch flavor that even the toughest critics will love.

How It Works

- **Probiotics** - our proprietary MW3® Probiotic Blend contains 3 strains of probiotics including Lactobacillus helveticus R0052, Lactobacillus Rhamnosus R0011 and Bifidobacterium longum R0175.
- **Prebiotics** - A blend of three prebiotic fibers help nourish the gut.*
- **Neuro-nutrients** - A plant-based blend of neuro-nutrient ingredients including Nutricog®, a patented combination of Boswellia and Haritaki as well as Suntheanine®.

The Science

The gut is about more than digestion. Most parents don't know it's a key player in how kids feel. Amare Kids Happy Juice combines probiotics, prebiotics, and neuro-nutrients in one unique—and delicious—formula.

How to Use

- For children 4 years of age and up, mix one stick pack into 8-16 ounces of water or beverage of choice.
- Adjust according to desired taste.
- Do not expose product to boiling or scalding temperatures.
