

How to share Amare GBX Slim2Fit™

*The next generation of weight management supplements, addressing every part of the weight wellness journey from appetite and metabolism to fat burning and gut health.**

Quick and Easy Compliant Statements

We're equipping you with the right language so you can confidently share this innovation the right way. Compliance isn't about limiting what you say—it's about making sure our story is accurate, credible, and aligned with the science behind the product.

✔ Features you CAN share about Amare GBX Slim2Fit...

Ingredient + Science Positioning

- Formulated by an expert physician and team of scientists.
- Features two clinically backed ingredients – Slendesta® and Capsifen®.
- Features Slendesta®, a scientifically studied ingredient that supports the body's natural release of cholecystokinin (CCK) – the fullness signal hormone.*
- Features Capsifen®, a scientifically studied ingredient shown to support thermogenesis, energy expenditure, fat oxidation, satiety, and endurance.*
- Includes Green Banana Powder which works alongside Slendesta®- it acts as a prebiotic, supporting beneficial gut microbiota. It's a resistant starch (RS) and fiber, that helps support gut health and satiety.*
- Includes Chromium Picolinate which helps support healthy metabolism and blood sugar/glucose levels.*
- Includes Black Chia Seed - an expanding prebiotic fiber*
- Includes Ginger which has been used traditionally for thousands of years to support digestive health.*

Slendesta® is a registered trademark of Kemin Industries, Inc. Capsifen® is a registered trademark of Akay Group.

Ingredient + Science Positioning Cont.

- While others chase GLP-1 supplement hype, we're pioneering what's next — a holistic approach rooted in the Gut-Brain Axis. GBX Slim2Fit™ supports the body's natural release of Cholecystokinin (CCK) — the gut's own "I'm full" signal — helping you naturally regulate hunger and fullness. The natural release of cholecystokinin happens when fat and protein reach the small intestine, helping coordinate digestion and signaling fullness.*
- The formula is sugar free, caffeine free, non-GMO, and contains no artificial colors, flavors, preservatives, or sweeteners.

Appetite and Satiety Support

- Supports appetite control and helps promote feelings of fullness.*
- Helps decrease feelings of hunger between meals.*
- Helps you feel fuller for longer.*

Weight Wellness / Metabolic Support

- Supports healthy weight management / weight wellness*†
- Supports healthy metabolic function and energy expenditure.*
- Supports the body's natural fat-oxidation processes.*
- Helps maintain healthy blood sugar levels/supports healthy glucose levels.*
- Supports a healthy BMI*†
- Supports health waist and hip measurements*†

Thermogenic & Energy Support

- Promotes thermogenesis and increases calorie burn.*
- Enhances energy expenditure and promotes endurance.*

*Results may vary. This supplement is intended to support weight management when used in conjunction with a healthy diet and regular exercise. It is not a substitute for medical advice or treatment. Consult with your healthcare provider before beginning any weight management program or using this product, especially if you are pregnant, nursing, taking medication, or have a medical condition. Claims about weight management are based on preliminary research and should not be interpreted as typical or guaranteed outcomes. Any references to clinical studies or scientific evidence are provided for informational purposes and do not imply definitive results. The product's effectiveness may depend on individual factors including lifestyle, genetics, and adherence to recommended use.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Thermogenic & Energy Support Cont.

- Aids in body's natural process of converting fat into energy.*

Gut-Brain / Full Circle Approach

- Help support signals from the gut to the brain signaling fullness.*
- Enhances the full-circle connection between physical and mental factors that contribute to sustainable weight wellness.*

Personal Experience

- Share your journey following the claims above while using the product and participating in the challenge.
- Share your before and after photos using the best practices such as taking your photo in the same spot, at the same time of day, with the same lighting, same level of zoom, no sucking in or pushing out your stomach, and the same clothing.
- Always include the appropriate disclaimer on your post "Individual results may vary, It's possible for individuals to lose 1-2lbs per week following a calorie-controlled diet, regular exercise, and taking Amare Products. However, there is no guarantee of specific results."

Non-Compliant Statements To Avoid

⊗ DO NOT say or imply that GBX Slim2Fit...

- Cures, treats, or prevents any medical or mental health issues.
- Guarantees or promises weight loss results for everyone.
- Treats, cures, prevents, or reverses obesity.
- Treats metabolic disorders such as metabolic syndrome, insulin resistance, diabetes, PCOS, thyroid conditions, or hormone imbalance.
- Causes "rapid," "instant," "effortless," "quick," or "dramatic" weight loss.
- Helps someone lose weight without diet or lifestyle changes.

⊗ DO NOT say or imply that GBX Slim2Fit... Cont.

- Will make you lose a specific number of pounds or inches in a set timeframe.
- Is guaranteed/proven to help you lose weight.
- Use testimonials that imply guaranteed results (e.g., "I lost 20 lbs in 2 weeks — you can too!").
- Show dramatic before-and-after images without required disclaimers and clear lifestyle context.
- Has clinical studies on the finished product.
- Is a glp-1 or other weight loss medication.
- Is proven to help you lose "x" number of lbs.
