

Amare NeuCollagen™

Redefining the Science of Collagen

What It Is

A revolutionary collagen formula that merges smarter science with bio-intelligence to support joint mobility, muscle health, youthful skin, healthy hair, strong nails & cognitive health.*

While typical collagen supplements make you choose between feeling, looking and living younger, Amare NeuCollagen is the best collagen supplement for those that simply want it all (in one).*

Why You Need It

Collagen production begins to slow in your mid-20s, declining by about 1% each year and accelerating with factors like daily stress, UV exposure, and life changes. By your 30s, this gradual drop becomes more apparent in the form of fine lines and decreased skin elasticity. In your 40s and 50s, collagen loss accelerates significantly —with women losing up to 30% of skin collagen in the first five years of menopause.

Because collagen is the most abundant protein in the body—responsible for skin structure, joint function, and connective tissue strength—this natural decline can impact everything from visible signs of aging to overall mobility.

The Science

Amare NeuCollagen harnesses the power of cutting-edge ingredient technologies supported by a combined 25 nutritional clinical studies, each targeting a different pathway.

Developed by an expert team of R&D scientists, our proprietary Amare NeuCollagen formula reinforces the integrity of the collagen network by boosting natural collagen production, helping inhibit collagen loss, and slowing cartilage degradation. Amare NeuCollagen features three sources of collagen providing Type I, II & III collagen, a hyaluronic acid matrix, and a probiotic to support optimal absorption. This comprehensive approach is designed to promote healthy aging while supporting active joints, healthy muscles, younger-looking skin, healthy hair, strong nails and cognitive health. The formula is further enhanced with L-Dopa, Resveratrol, Biotin, Vitamin C, and Vitamin B12 for additional nutritional support.*

How It Works

Most collagen supplements only support joint and skin health, but our advanced, proprietary technology blend delivers 6 dimensions of total-body benefits.*

1. Inhibit Collagen Loss*

Collavant® n2 works through the gut-immune connection to slow the breakdown of collagen promoting joint lubrication, mobility and comfort while also supporting quicker recovery. It also helps slow cartilage degradation. Cartilage is the cushioning that helps maintain the structural environment necessary for healthy joints and bones, including overall bone health.*

→ Collavant® n2 was shown to provide a **44% reduction in joint discomfort.**

2. Maintain Joint Comfort and Mobility*

Mobilee® Hyaluronic Acid Matrix clinically shown to lower Prostaglandin E2, a compound linked to joint discomfort, helping support joint comfort and overall joint function.*

→ Mobilee® was shown to **boost hyaluronic acid more than 200x compared to the baseline.**

3. Support Muscle Health*

Mobilee® boosts the body's natural production of hyaluronic acid to support muscle strength and flexibility, while also increasing muscle cell proliferation.*

→ Mobilee® was shown to **improve muscle strength by 17% and improve muscle function by 23%.**

4. Boost Natural Collagen Production*

GPX-4™ is a collagen tripeptide that boosts natural collagen production and helps improve skin elasticity, firmness, and barrier function.*

→ GPX-4™ was shown to **improve crows feet wrinkles by 937%, improve dermal density by 266% and improve dermal thickness by 548%.**

5. Radiate from the Inside Out*

Dermial® hydrates the skin from within while helping reduce wrinkles and dryness for smoother, more radiant-looking skin.*

→ Dermial® was shown to reduce wrinkles, **increase skin hydration by 13%, and improve skin glow and brightness by 33%.**

Plus, Bioactive Collagen Peptides shown to support visibly thicker, fuller hair + strong nails.

→ **71% felt their nails were growing faster and longer.†**

6. Manage Cortisol & Daily Stress*

Cerebiome® is a clinically studied probiotic that supports the gut-brain axis to promote balanced mood, help maintain healthy cortisol levels, and support mental well-being.*

→ Cerebiome® was shown to **reduce feelings of everyday stress by 44%.**

Plus added benefits from Vitamin C which plays a role in the formation of collagen, a key component of bone structure and bone health, Methylated Vitamin B12 for healthy brain function and cellular energy, Resveratrol a powerful antioxidant, Biotin supporting healthy hair, skin, and nails, and LDopa used traditionally for mental wellness benefits.*

Powder vs Liquid

Liquid Collagens are not Scientifically Better

Collagen's effectiveness is determined by absorption and formulation—not by whether it's liquid or powder. After consumption, collagen is broken down into amino acids and small peptides, the body does not distinguish whether it was hydrated before bottling or mixed with water at the time of use. Most liquid collagens start as powders that are hydrated with water before shipping to the end consumer. Powder stick packs offer all the advantages of a liquid collagen without the limitations to shelf life, stability, and carbon footprint impact to shipping. Amare NeuCollagen is formulated using current collagen science to support optimal absorption and utilization—without unnecessary dilution or additives. With Amare NeuCollagen, you get the science, potency, freshness, and convenience of a powder—plus the same “liquid” experience once mixed. It's the best of both worlds.

*Based on perception study on Bioactive Collagen Peptides with 24 participants after 12 weeks.

- ✓ Optimal absorption
- ✓ Greater stability
- ✓ More precise dosing
- ✓ Better taste integrity
- ✓ More convenient
- ✓ More environmentally friendly

How To Use It

- To incorporate into your daily routine, simply mix one stick pack into 8–12 fl oz of water or your beverage of choice. The amount of liquid used does not impact efficacy, allowing you to customize water levels to your preferred taste and concentration. Many enjoy mixing with as little as 4 oz of water.
- Do not add to boiling or scalding temperatures.
- Enjoy daily and use consistently for best results.

15 Day Supply

Supplement Facts

Serving Size: 1 stick pack (6.4 g)
Servings Per Container: 15

Amount Per Serving	%DV
Calories	30
Total Carbohydrate	2 g <1%*
Total Sugars	<1 g †
Includes <1 g Added Sugar	1%*
Protein	4g 8%
Vitamin C (ascorbic acid)	60 mg 67%
Vitamin B12 (methylcobalamin)	200 mcg 8333%
Biotin	50 mcg 167%
NeuCollagen Proprietary Blend	3.62 g †
Collagen Peptides (bovine), GPX-4™ Collagen Tripeptides (fish), Mobilee™/Dermial™ Hyaluronic Acid Matrix (Sodium Hyaluronate, Glycosaminoglycans, Collagen), Collavant® n2 Native (undenatured) type II collagen (chicken)	
Gut-Brain-Skin Axis Proprietary Blend	180 mg †
L-Glutamine, Cerebiome® (Lactobacillus helveticus R0052, Bifidobacterium longum R0175, Lactocaseibacillus rhamnosus R0011), L-Dopa (Velvet Bean Extract), Resveratrol (Japanese Knotweed Root Extract).	

*Percent Daily Values (DV) are based on a 2,000 calorie diet.
†Daily Value (DV) not established.

Other Ingredients: Natural Flavors, Citric Acid, Fruit and Vegetable Juice (Color), Luo Han Guo, Dicalcium Phosphate, Thaumatin.
Contains: Soy, Fish (Iridescent Shark)
