

Not All Collagen is Designed the Same.

While most collagen formulas focus on skin and joint support, Amare NeuCollagen is designed to support 6 Dimensions of Total-Body Benefits. As the Mental Wellness Company, we've combined clinically studied ingredients with advanced technology to help support joints, muscles, skin, hair, nails, and cognitive health—featuring proprietary ingredients supported by a combined 25 clinical studies, and industry-exclusive access to a blend of Collavant® n2 and Mobilee®, along with GPX-4™, a Korean-sourced K-Beauty ingredient. Amare NeuCollagen reinforces the integrity of the collagen network by boosting natural collagen production, helping inhibit collagen loss, and slowing cartilage degradation.*

This document compares Amare NeuCollagen's formula and benefits to leading competitors based on publicly available supplement facts panels and marketing materials. Clinical study evaluations were not conducted as direct product-to-product comparisons.

Benefit/Feature	Amare NeuCollagen™	Competitive Market Place (Direct Sales)	Competitive Market Place (Retail)
