Key Product Benefits

- Supports cognitive performance*

- Supports motivation and mental flow*

- Supports neuron health*

- Supports a healthy memory*

- Supports body and mind endurance*

- Caffeine free

- Available in convenient on-the-go stick packs

Key Ingredients

Each flavor is powered by plant-based nootropics. All three flavors (Grape, Watermelon, and Blue Raspberry) feature **Mango Leaf and Lion's Mane**.

- **Mango Leaf** is a sustainably sourced, botanical powerhouse that's packed with beneficial compounds and a variety of bioactive nutrients to help support motivation and mental flow.*
- **Lion's Mane** has been used in traditional Chinese and Asian cultures for centuries and helps to support healthy memory.*

The Watermelon and Grape Flavors include **Lychee Fruit and Palm Fruit**

- **Lychee Fruit** is a tropical fruit that provides a rich source of bioavailable polyphenols –powerful plant compounds that help support endurance for both body and mind.*
- **Palm Fruit** is sustainably harvested and rich in flavonoids to support neuron health*

In new limited edition Blue Raspberry, Palm Fruit and Lychee Fruit are replaced with a new, cutting EDGE version featuring **Nutricog®** supporting multiple areas of cognitive function.*

- **Nutricog®** is clinically demonstrated to improve a wide range of areas in cognitive function, including focus, attention, learning, working memory and executive function, plus it has shown improvements in cognitive speed and accuracy while multitasking.*

In a randomized, double-blind, placebo-controlled clinical study, the key ingredient Nutricog®, found in Amare EDGE+ Blue Raspberry, has shown:

Nutricog® is a trademark of PLT Health Solutions – Laila Nutraceuticals LLC.

* Improvement at 120 days over baseline performance in a randomized, double-blind, placebo-controlled clinical study of 300 mg Nutricog® per day in adults ages 40–65 with subjective memory concerns.

^ These outcomes were statistically significant compared to placebo in the clinical study.

† Focus improvement measured as reduction in proactive interference score (resistance to distraction).

‡ Learning rate improvement reflects rate of improvement over time vs. placebo.

§ BDNF (Brain-Derived Neurotrophic Factor) is a naturally occurring growth factor.

Non-Compliant Statements To Avoid

⊗ Do NOT say or imply that Amare EDGE+ Trio Flavor Pack...

- Cures, treats, or prevents any medical or mental health issues.
- Acts like a prescription medication or replaces medical care.
- Replaces therapy, medication, or mental health treatment.
- Is “clinically proven” to treat or reverse any condition.
- Has clinical studies on the finished product.
- Features Nutricog® in all 3 flavors
- Produces the same results for everyone.
- Is safe for pregnancy, breastfeeding, or medical conditions.
- Can be used by children or teens.
- Share testimonials that imply guaranteed, rapid, or medical outcomes.
- Frame the product as a “fix” rather than a supportive supplement.

Nutricog® is a trademark of PLT Health Solutions – Laila Nutraceuticals LLC.
