

# Amare Energy+™ Dragon Fruit

The Ingredients for  
Smart Energy

## What It Is

A refreshing drink mix formulated with ingredients that help you feel more energized and revived—without the caffeine.\*

## Why You Need It

Healthy energy levels impact everything from how you move to how you think, to how you feel. Lack of movement, gut imbalances, inconsistent sleep, and poor diet can impact energy levels, leading to sluggish mornings, mid-day crashes, or just “blah” feelings. While a healthy lifestyle is important to keeping energy levels up, sometimes we still need an extra boost.

## How it Works

We've Got Energy Down to a Science

- **Glycine** – an amino acid that helps support mental energy and supports the body's natural production of serotonin\*
- **Rooibos Power** - provides a source of antioxidants\*
- **Chicory Root** - a prebiotic fiber that helps beneficial probiotic bacteria flourish\*
- **Pomegranate Extract** - contains antioxidants and flavonoids to support vitality\*
- **Amare's GBX proprietary blend** of Asian Apple, New Zealand Pine Bark and French Grape provides a source of antioxidants that helps to protect cells against the oxidative damage caused by free radicals\*
