

Amare EDGE+™ Mango Glow

Give Your Sharpness a Glow Up

Why You Need It

Need to give your sharpness a glow up? Whether you're jumping into a big meeting, tackling a packed schedule, or checking off your to-do list, Amare EDGE+ Mango Glow is formulated with science-backed ingredients that help support cognitive function such as selective attention, along with learning ability, memory, and brain function, so you can find your flow and bring your best to every moment.

How It Works

Amare EDGE+ Mango Glow is formulated with a blend of plant-based ingredients, including Nutricog®, a specialized combination of Boswellia and Haritaki, along with Mango Leaf, Lion's Mane, Citicoline, and natural caffeine.

- Helps temporarily relieve fatigue, to promote endurance, and enhance motor performance.
- Helps temporarily to support alertness and wakefulness and to enhance cognitive performance.
- Helps to support learning ability, memory, selective attention and brain function.
- Source of antioxidants that help protect cells against oxidative damage caused by free radicals.

The Science

Supporting your brain naturally is a smart way to stay sharp. Amare EDGE+ Mango Glow features an expertly formulated, plant-based blend of ingredients that help support brain function and mental sharpness, even when under pressure. This blend helps support cognitive function such as selective attention, along with memory—including working, verbal, and visual memory—and learning ability.

How to Use

1. Simply mix one stick pack with 8 ounces of cold water and enjoy.
2. Sip Mango Glow solo daily as part of your mental wellness routine.
